About Bizzabo:

Bizzabo powers immersive in-person, virtual, and hybrid experiences. The Bizzabo Event Experience OS is a data-rich open platform that allows Event Experience Leaders to manage events, engage audiences, activate communities, and deliver powerful business outcomes — all while keeping attendee data private and secure. As a Leader in The Forrester Wave™: B2B Marketing Events Management Solutions, Q1 2021 Report, we are trusted by world-leading brands to power their events — from Fortune 100 enterprise organizations and financial institutions to creative agencies and scaling tech companies. Bizzabo was founded by Boaz Katz, Alon Alroy, and Eran Ben-Shushan, and has more than 300 employees in its New York, Tel-Aviv, Kyiv, and London offices, as well 15+ remote locations around the world.
